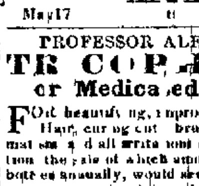
PATENT SELF HEATING

SMOOTHING IRON!



MANY important improvements have been made since the beginning of the present century relieving and facilitating the labor of men by machinery and other modern implements, but females have been nearly neglected until the introduction of the *Patent Self Heating Smoothing Iron* which will relieve them in a very great degree from the excessive and fatiguing labor of *Ironing* besides being a great saving of time and expense. This Iron combines economy convenience, saving of labor and despatch, one cent's worth of dry charcoal is sufficient for a whole day's constant ironing. Hard wood coal from the store will answer the same purpose. It can be used in any room or in the open air. Hatters and Tailors' Irons are constructed upon the same principle and possess equal superiority.

PROFESSOR ALEX C BARRY'S

TRICOPHEROUS,

or Medicated Compound,

FOR beautifying, improving, and preserving the Hair, curing cut bruises burns stings ... and all eruptions of the skin. A preparation the sale of which amounts to one million of bottles annually, would seem to need no advertisement, but as the thousands who purchase, use and approve of it, have probably no idea of the enormous extent of the business done by Professor Barry, he gives herewith a plain statement of facts derived from his books, and with them tenders his earnest and hearty thanks to his innumerable patrons.

Professor Barry's accounts of sales for the year 1852, show that during that year about 910,000 bottles of his Tricopherous were disposed of, and that the cash product of this immense sale was nearly $100 000.

This plain unvarnished tale is a better commentary on the value of the article than any thing its inventor could say. If it were not peerless in its effect upon the hair—if it were not invaluable as a household remedy for cuts bruises, burns, skin diseases, &c.—it would not, of course be so universally in demand. The wealthy portion of the public would buy it at any price, but Professor Barry has reduced it to a figure so low that the poorest can avail themselves of its benefits.

Sold in large bottles [price 25 cents] at wholesale and retail at the manufactory and depot 137 Broadway New York and by the principal merchants and druggists throughout the United States and Canada, Mexico, West Indies, Great Britain, France &c.

SEWING MACHINE!

Secured by Two Distinct Patents!

THESE extraordinary Machines have had numerous diplomas and medals awarded to them as the best sewing machines ever devised. They now form one of the most attractive features of the Great Exhibition at the Crystal Palace in New York.

The proprietors having perfected their great manufactory in New York are now able to produce the Machines at a cheaper rate and have determined to give the benefit to the public by reducing the price $25. Hereafter these unrivalled Machines will be sold at either of our regular offices for

$100 Cash without deduction or discount.

Of the admirable qualities of these Machines for all the work of the Clothier, Tailor, Shoe Manufacturer, Saddler, Carriage Trimmer, Cap Maker and Corset Maker it is unnecessary to speak—the character of the machines for these branches of business is established and they are known and admitted to be the most perfect instruments for the purpose ever devised. The clear profit on each machine is from $500 to $1000 a year depending on the fineness and amount of the work done—We desire to call the particular attention of Shirt and Collar manufacturers to our machine for stitching fine linen and cotton goods. We can satisfy any person interested that no other machine has ever done or can do this kind of stitching perfectly. The price of the machine includes the necessary articles for using. When ordered, they are packed complete for immediate use and full printed directions for using are furnished.

Either of the Express companies or merchants visiting the places where our offices are located afford a convenient medium for purchasing machines.

TESTIMONIALS

The following certificate from Dr. John C Warren, of Boston was given 17 years since but will last forever.

Boston Jun ... 1833

Having had occasion to observe that some persons afflicted with Hernia have suffered much from the want of skilful workmen in accommodating Trusses to the peculiarities of their cases I have taken pains to inform myself of the competency of Mr J F Foster to supply the deficiency occasioned by the death of Mr Beath—After some months of observation of his work I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments and ingenious in accommodating to the variety of cases which occur. I feel called upon to recommend him to my professional brethren and to the public as a person well fitted to supply their wants in regard to these important articles.
JOHN C WARREN, M D

The undersigned takes great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia Mr James Frederick Foster as a skilful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages ... his long experience in the business and the large number of individuals who have been relieved ... render him ... to any manufacturer of the article. His father Dr Gideon Foster, of Charlestown, was the first ... in that town ... twenty years, during which period Mr Foster availed himself of the opportunity ... and make himself ... a great variety of cases, with great success ... which were of a very complicated and distressing character.

It is well known to all who have occasion to wear a Truss that its great excellence consists in its adaptation to the body ... relieving the patient. Any ordinary mechanic may make a Truss ... but a skilful practitioner can apply it ... ... effectually, and therefore make ... the complaint.

WEDNESDAY, SEPT. 14, 1853.

BREAKING GROUND ON THE EUROPEAN & N. A. RAILWAY.

This day the grand celebration of the breaking the ground of the European and North American Railway takes place, at St. John, N. B. A large party left Portland on Monday evening by steamer, to join in the services and festivities of the occasion. The number of persons from Maine, however, would have been much larger had the celebration been delayed a few days in order to have given opportunity for all to have attended to the election matters. We received a polite invitation and a ticket from the committee of arrangements, which we acknowledge with pleasure, and it would have afforded us great satisfaction to have made one of the party, to have met again many of the friends of this enterprise, which we have met at the Convention in Portland, on the first starting of the enterprise. But the labor consequent on the election, imposes an effectual bar to our leaving home at the present time, and we must look to others to furnish us an account of the doings and sayings on the occasion, as we must leave to them its excitements and pleasures.

The breaking of the ground to day on this road, is an event of great interest and significance, as the commencement of great enterprises, which shall give a new impulse to the business and growth of Maine and the Provinces of New Brunswick and Nova Scotia. It is a pledge and a promise that the coming future shall be wider and wiser and better than the past. It tells of a more world-wide intercourse and interest among men—a closer linking of true brotherhood, and a generous knitting together of the cords of business, amity and Christian love. We hail it with pleasure as a sign of good cheer, telling of the time when the nations shall learn war no more.

☞ The New York Express remarks that the result of the divisions of the party in New York, it is foreseen, must in due time create divisions in the party everywhere, ending in the annihilation of at least one great fault, namely—that General Pierce will never do for a Presidential candidate again. This once settled, there is one candidate the less for Mr Buchanan to be afraid of. It remains to be seen however, what influence Gen P. will do, as soon as their suspicion, as to the game of the Buchananites, prove into conviction. They have an advantage over the Pennsylvanians in so far as the federal patronage is concerned but, if Gen P is vindictive enough to suppose that Marcy or Cushing is using that part of it over which they have custody, to advance his claims on the future,' he will be likely to wake up some morning, and wonder at his delusion. These gentlemen, like Mr. Buchanan, are supposed to have large hopes, in the perspective, by no means identical with those of the present occupant of the White House, which we think time, and the progress of events, will show.

HORTICULTURAL EXHIBITION

The annual exhibition of the Bangor Horticultural Society, will open this day. There is a handsome list of premiums offered to exhibitors of fruits, flowers and vegetables, and the members of the society should see to it that they offer their productions for exhibition.

This evening an address will be delivered by S. L. Goodale, Esq. of Saco.

The exhibition will continue during the day and to-morrow, and to-morrow evening there will be a sale of fruits, flowers, &c.

Fishing 'Reefer John,' having been promoted to the rank of "L G" (which means lager general,) as an insignia of his honors, last week placed a cockade upon his hat, and some silver of fun, presented him a cane! And he strutted about in his morning gown as any other dog roams about the streets with a collar about his neck!

☞ In Piscataquis County, A. M. Robinson, democrat is elected Senator. Flint whig, is elected Clerk.

☞ We learn from Somerset, that the whig ticket has probably prevailed in that county.

DESTRUCTIVE FIRE IN NEW BEDFORD. We learn from the New Bedford Mercury that a destructive fire occurred in that city Friday evening. The fire commenced in a stable, occupied by Eleazer Phillips, near the railroad depot, which was entirely consumed. The Mercury says

"From this it spread to the "Franklin House, so called, on Pearl street occupied by Henry Cowen, which was also consumed. The Franklin was owned by Moses Rogers. Loss about $2500, partially insured. The occupants succeeded in removing most of their goods and chattels.

On Purchase street, the next building burned was the Mechanics and Mechanics' Hotel, occupied by Albert E. Reed, and owned by Lawrence Myers & Co., of New York. This was totally destroyed. Most of the furniture was saved, but in hoisting about 100 barrels of liquor, belonging to Eleazer Phillips, were consumed. The building was valued at about $1500, and was partly insured.

The next building, occupied partly as a dwelling house and partly as a store, by Eleazer Phillips, was also destroyed. Most of the furniture and stock was saved. The building was owned by Lawrence Myers & Co., of New York. Loss about $1500—partly insured.

From this the fire communicated to the Exchange Hotel, occupied by John P. Holmes, and owned by Martin L. Hall & Co., of Boston. This together with the adjoining stable was consumed. Most of the furniture was saved. Loss about $5 000, partly insured.

A small barn connected with the Franklin House was also burned. After destroying seven buildings the fire was arrested by the active exertions of the fire department.

The neighboring buildings, and particularly those of the railroad company, were in great danger, and were several times on fire.

The removal of a sick man from the Exchange Hotel gave rise to a report that a man had been seriously injured!"

We learn from the Boston Courier that Southworth Shaw, Esq., has resigned the place of President of the Boston and Maine Railroad.

The ship Asa, which cleared from Mobile on the 27 h ult., for Europe, had been driven ashore on Sand Island, and the vessel and cargo prove a total loss.

THE ELECTION.

It is quite clear, as we stated yesterday, that there is no election of Governor by the people. Mr. Pilsbury falls behind the vote of Hubbard last year, and is, therefore, very far from receiving an election.

In the Senate, there are, probably, three anti-Pilsbury men elected in Penobscot, two in Cumberland and two no choice, three in Kennebec, and four in Lincoln.

Pilsbury Senators elected—one in Waldo.

We correct and enlarge our list of Representatives, up to last evening.

Lord Brougham has come in for a bequest of nearly £30,000, made by the late Mrs. Mary Flaherty, a Hungarian refugee. The bequest is out of respect and admiration of his unquenchable philanthropy, public conduct, and private piety.

MAINE ELECTION.

Portland 13th. Some Whig losses on Representatives in returns here this morning, which render it probable that the Whigs will stand nominally not any better in the House than last year, perhaps not quite so well, but the Morrill democrats will hold the balance of power.

Augusta, 13th. KENNEBEC COUNTY. As far as heard from, seven Whigs are elected. One Morrill democrat in Waterville, two Pilsbury men in Augusta. In Benton and Clinton the Whig is three votes ahead with the Gore to come in. The other districts are sure whig. The Senators are elected.

Belfast, 13th WALDO COUNTY. Three Wildcats, three Woolly Heads, and three Admission are elected Representatives so far as heard from. Elliott is elected to the Senate. Thirteen towns on a certain vote between the two section of the Democrats show 1240 Wildcats and 1 29 Wool Heads. In ten towns, Pilsbury, 1314, Crosby, 572, Morrill, 450; Holmes, 490.

Bath, 13th. LINCOLN COUNTY. The Whig Senators are elected by a decided majority. Representatives are, as far as heard from, eleven Whigs, two Locofocos, one Free Soiler.

[Tel to Mercury.]

Dates from Peru to August 10th—nothing new concerning the difficulties between Bolivia and Peru. The internal affairs of the former country are very unsettled. A revolution had broken out in Cochembamba, but was speedily quelled by President Belzus' son-in-law.

There had also been revolutionary outbreaks in the south, under the lead of Generals Velasco and Agreda. They were defeated however in an encounter at Mojo, when Col Cordova and Gen Velasco were killed.

The Provinces of Chiacas and Cinti had previously declared in favor of Velasco but it was thought they would be easily defeated since the fall of that general.

The South of Peru is tranquil.

ZANESVILLE, Sept. 7.

Advices from Somerset, Perry county, Ohio, give intelligence of a terrific riot in that place. The Irish laborers on the railroad have the fire arms, belonging to the county, in their possession. Two persons were killed, and several badly wounded. The sheriff of Perry county had sent here for one hundred armed men and the city guards have started for the scene. More trouble is anticipated. The life of the telegraph operator has been threatened, should he transmit any request or assistance.

NEW YORK, Sept. 12.

The ship John Stuart, which cleared from Callao July 28, for the Chincha Islands, returned to port on the 4th ult, leaking in consequence of having been in contact with barque Green Point, Capt McCormick, on the night of Aug 2. The John Stuart struck the Green Point amidships, the latter vessel foundering in twenty minutes. Crew saved and were taken to Callao. The Green Point was from the Chincha Islands. She was nearly new and was valued at $35 000. Insured in N York.

WASHINGTON, Sept 12.

At a dinner given Saturday evening to the Hon Richard P Stanton, Attorney General Cushing made a speech, in which he declared the United States never should have made peace with Mexico without insisting upon the annexation of Chihuahua and Sonora as well as New Mexico.

A despatch from Norfolk states that the steamship Georgia, which left New York on the 5th inst, for Aspinwall, put into that port or Saturday, in distress, having eight feet of water in her hold. She encountered a severe hurricane off Cape Hatteras, causing her to spring aleak, and the greatest exertions were required to bring her to port. The passengers and crew are all safe.

From a letter to the National Intelligencer, we learn that the American squadron when last heard from, June 1, was at Napa, Loochoo Islands. On the 28th of May, the Regent made a formal visit to the flag ship Susquehanna, and was received with due honors. Arrangements were being made duly to acknowledge this civility by a visit to the place on Monday, June 6.

The Paris correspondent of the New York Courier des Etats Unis states that Mr Soule's speech to the Filibusters of New York on the eve of his departure for Spain has produced a profound sensation in Europe. The Journal des Debats finds in the speech very little that is worthy of a diplomatist, and the Patrie expresses an opinion that it will insure a cool reception at the Court of Madrid if that Court shall not refuse to receive him at all.

On last Friday, in Boston, a child eight or nine days old, was found dead in the lap of its drunken mother. The mother had been drunk ever since the child was born, and took no care of the child at all. The verdict of the coroner's jury was, that the child died from neglect and want of proper nourishment. The mother was sent to Deer Island for six months, as a common drunkard.

OBITUARY.

Died in North Conway, N. H., on the 28th ult, Charles Drummond, of Bangor, a member of the Senior Class of Bowdoin College. Aged 22 years.

The lesson has again been enforced that neither youth, nor high hopes, nor onward purity, nor the promise of future usefulness can be depended upon for protection against the sudden and unerring shafts of death. From a large circle of friends and relatives, one has been called away, whose presence was ever joyfully welcomed among them, and whose loss cannot but be severely felt. And from a class, soon to be disbanded—on the very eve of graduation—one has been taken, who always occupied a high place in their affection and esteem.

The subject of this notice was endeared to all who knew him well, by a thousand little traits of character which cannot be described by words, and which, were rendered as society agreeable. But he was something more than a pleasant companion. His aims, his hopes, his wishes were above this world. He spoke of Heaven—he believed in the soul's immortality, he strove for a higher life than is shown in the common actions of men. Yet deep paternal affection, of which he was a cherished object, and the attachment of friends, who held him most dear, could avail nothing. With the bright summer that is just going from us, he has irrecoverably passed away.

In the crowded street, in the noise and bustle of life, his departure will be unnoticed, but in hearts that have once known and loved him, there is laid up for him a long and kind remembrance.—Brunswick Telegraph.

Professor Louis Streck, a well known musician, who has resided for many years in Lowell, died on the 14th ult., at Marburg, in Germany, his native land, whither he had gone in hopes of benefiting his health.

McQuerry, the slave who was delivered up by Judge McLean of Cincinnati, a few days since, is to be freed, $800 having been raised to purchase his liberty.

Miss Mary Roach, who stamped from Georgetown Convent a few days ago, has been married to Mr. Jordan, of Jordan Springs, Va. She is a Mississippi lady, and reported to be worth $200,000.

AMERICAN ARCHITECTURE.

In the last number of the Home Journal, we find an essay from the pen of Mr Vaux, the architect, and partner of the late Mr. Downing, on the above subject. Although there is little in this essay of a practical character relating to architecture, it contains some excellent ideas, vigorously expressed. Speaking of the slow progress of art, which is used sometimes as a reproach against this country, he says:

It may be confidently asserted, that there is scarcely a pursuit now followed in America that is not capable of being greatly raised in character, if its followers would bestow on it some friendly interest. No occupation need be undignified, no labor grassless. Adam worked as a gardener, Franklin as a printer, St Paul as a tent maker, Æsop as a slave of all work, and Christ was a carpenter. It is clear, therefore, that hard manual labor, in no way removed from the highest developments of social philosophy and intellectual advancement. Every artisan cultivator, or trader, may if he think fit, not only be an honest, industrious republican, but a thoughtful, noble, and refined worker. All is within his easy reach. He has but to put forth his hand and pluck the pleasant fruit. The tree that bears it was planted by his ancestors, and is now daily tended, though perhaps unconsciously, by himself. And this wide spread appreciation of the possibilities that are within reach of every class, this all-encircling civilization, is absolutely necessary before a healthy advance in art can take place.

Again, in the conclusion of the essay, occurs the following passage, containing sentiments the correctness of which will hardly be disputed:

"When the talent and energy that are fostered by American institutions, are distributed with tolerable fairness, we shall, among many other things, be justified in expecting to find in every architectural effort, not something so new that it is unintelligible, but some distinctive characteristics, and decidedly American invention. These, however, can hardly be expected to depend much on the employment of really new forms. Webster and Clay were orators of originality, but their words were all old. Their stock in trade is common property, in the form of a dictionary; and the boundary lines over which neither ever ventured to leap, are fairly set forth in a good grammar. Any desire on their part to invent a brand-new language, would have been of course absurd and any wish to produce a brand-new style of building, is without doubt an equally senseless chimera.

All previous experience in architecture is the inherited property of America. It deserves the most careful consideration, and should be taken every advantage of. Each beautiful thought, form, and mode that is not unsuited to the climate or the people, ought to be studied, sifted, and tested; its principles elucidated and itself improved upon, but the past should always be looked on as the servant, not the master of the future. Individual sentiment, feeling, and education should be encouraged to act freely in every instance, and, by degrees that important fact, a genuine public taste, will be fairly unfolded. Restricted terms, such as Grecian, Italian, or Gothic, will then be used only historically, for actual ideas, such as fitness, proportion, unity, variety, will give the critical standard to the general taste. Every individual of sound mind, will then perceive and acknowledge his personal interest in the subject, and will help to improve the national architure, for he will resolutely refuse to admire any structure that does not seem agreeable to him individually, and as freely insist on his right to call good whatever coincides with his untrammeled, but not uncultivated, natural perceptions.

THE "LONDON TIMES" ON THE ADMINISTRATION.

The London Times of the 26th ult. has an article on Gen Pierce's administration, for which a text was furnished by the serenade to Mr Soule, Minister to Spain, by his Cuban friends in New York. The Times says we are at the following conclusion:

"At present the new American Government has done nothing of importance. Some of its declarations were imprudent; many of its appointments are said to be bad, but of its actual policy very little is known, except that both the President and Mr Marcy speak with moderation on the questions of the day."

The Times then publishes an account of the demonstration in New York on the occasion of Mr Soule's departure, with extracts from the speech of Senor Tolon, and the reply of Mr Soule, and comments as follows:

"We are really curious to learn whether Mr Soule will present his credentials to the Queen of Spain in the same language in which he took leave of the Cuban Liberators and the citizens of New York, for, at this is to be the tone of the accredited envoys of the United States, instead of being regarded as the Ministers of a friendly nation they will be shunned and dreaded as incendiaries and aggressors.

Indeed, we are surprised that, after what was previously known of Mr Soule and this valedictory address, the Court of Spain should submit to receive a declared enemy in the garb of a foreign Minister, and if the Cabinet of Madrid were not sunk to the very dregs of political life, such an outrage could not be permitted.—This state of things is aggravated by the disposition of the people of the United States to applaud and support acts of violence or intimidation committed by American agents abroad, and if the American Government is to adopt the extravagant views of its adherents it will soon find itself on very indifferent terms with a great part of Europe. These are not the conditions of forbearance and non-intervention by which peace has hitherto been preserved between the New World and the Old, and if the United States are to take an active part in the political disputes of Europe, they should make a better choice of their agents, and bear in mind the responsibility under which they not only act, but speak."

MOROCCO.

FIGHTING IN MOROCCO—FRAUDS IN TUNIS.

From Morocco, August 9th, is announced that the Emperor of Morocco's forces had obtained a signal advantage over the insurgents in the interior. Two of the rebel chiefs had been captured, and were beheaded at Mequinez. The Emperor was still sick, and had sent for his eldest son, who acts as Viceroy, to return to the capital. On the coast there was a good deal of activity in commercial affairs. A British steamer has arrived at Larache for the purpose of exploring the rivers of Morocco.

Probably the following from the Gibraltar Chronicle, of the 15th, refers to the same encounter, with the difference that it says the Emperor was defeated instead of victorious:

"A letter from Candt. of 3d, announces that two Moorish tribes have risen in arms, dissatisfied, as they are, with the taxes laid upon them, and particularly with the obligation under which they lie of delivering up to the Sovereign all the skins of the cattle killed within their districts. The Emperor had marched against them, at the head of a body of troops, to pacify them, but he had been driven back to Mequinez, and called for reinforcements of foot and horse, which had already started from Tangiers, Tetuan, and other places.

SYRACUSE, Sept. 13.

At the democratic caucus last evening, Hards fixed upon Ira P Barnes for temporary chairman, and agreed upon John B Skinner, Wyoming county as their candidate. Both parties are now holding caucusses. Hards claim majority fairly elected delegates. Softs claim majority of six on uncontested delegates, both parties enthusiastic. There is every prospect of a split. Two conventions. Governor Seymour and Comptroller Wright tried hard last night to confer with Adamantines but did not succeed.

King, the sculptor, is now at work upon a bust of Webster, in marble, ordered by Lord Ashburton, son of the negotiator of the boundary treaty.

Holloway's Pills, an Infallible Remedy for Liver Complaints, and Diseases of the Stomach.—Many of a letter from Mr Henry Woodward, of Richmond dated May 25 1853: "To Professor Holloway,—Dear Sir—I suffered for many years from a most distressing liver complaint and although I tried various medicines prescribed by the most eminent medical men in different parts of this country, yet I could obtain no relief, and in despair I at last resolved to try your Pills, and it is with gratitude that I acknowledge they have been the means (under Divine Providence) of restoring me to a state of good health that I never could have anticipated."

TAXES FOR 1853.

TREASURER AND COLLECTOR'S NOTICE.

The Assessors of the city of Bangor have committed to me the list of the year 1853 under date of August 23d, 1853 in a vote of the City Council with authority to collect 6 per cent. on taxes paid within two months from date.

N. H. DILLINGHAM
Treasurer and Collector

Bangor, Aug 23, 1853. 1m 225

The following is from the principal accountant of the wealthy and highly respectable house of Messrs. Ayer & Bro. of this city and presents one of the MOST WONDERFUL CURES in the annals of medical history:

Mr H. G Farrell—Dear Sir: Actuated by a sense of gratefulness I send unto the following as an evidence of the utility of your great medicine. My child three years old was suddenly attacked with a disease which in less than six hours prostrated it to all appearances. The limbs became so rigid that no human power could bend the flesh turned black and collapsed entirely deprived of feeling, the eyes were partially closed, and a glazed blindness with them was manifested. Even the tongue became contracted and so current that efforts to force down the head and limbs only irritated. Indeed the child presented every appearance of being dead. Those lately in the attack the family physician was called in, and for three weeks he labored to restore it to feeling, but all in vain although it was blistered a dozen times and various rubefacient liniments applied. A consultation of physicians was then held but to no purpose as the case was then brought before the Medical Society, but nothing could be suggested which had not already been tried on the child then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and by intervals the patient by degrees, when, after a few applications, returning animation was apparent and after that day and week with the expression of the sight which did not been a perfect recovery. The child is now as healthy and robust as can be. Every instance of the same kind occurred previously would be relieved all of which died, when there is no doubt if your Liniment had been used they would have recovered.

HENRY G CLELAND

Peoria, March 1 1851

A HARD LUMP ON A HORSES BREAST.

Mr H G Farrell I have used in Armour Liniment with gratifying success in several cases, the most remarkable of which was a large lump that appeared on a horse's breast. It was very hard, appearing to be hard as a bone. In three days after I applied your Liniment one half of the lump was gone, when I applied your Liniment one half of the lump was gone, when I applied your Liniment one half of the lump was gone, and in two weeks entirely cured it. I can recommend it as the best Liniment I ever used.

JOHN C. AWL.

Peoria, Feb 20, 1846

LOOK OUT FOR COUNTERFEITS.

The public are cautioned against another counterfeit, which has lately made its appearance called H. R. Farrell's Italian Liniment. The most dangerous of all the counterfeits, because he has by the name Farrell many will buy it in good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has run its evil effects.

The genuine article is manufactured only by H. G. Farrell sole inventor and proprietor, and wholesale druggist, No. 17 Main Street, Peoria Illinois to whom all applications for Agencies must be addressed. Be sure that you get it with the letters H. G. before Farrell's, thus—H. G. FARRELL'S—and his signature on the wrapper, as others are counterfeits.

Sold by INGRAHAM & FULLER who reside and retail Agent. Also by R. P. Russell, Oldtown; French & Hamblin, Dexter; P. O. Flaherty, Hilton. And by regularly authorized agents throughout the United States.

☞ Price 25 and 50 cents, and $1 per bottle.

AGENTS WANTED in every town village and hamlet in the United States, in which one is not already established. Address H. G. Farrell as above accompanied by the good references as to character, responsibility, &c.

CEMENT.

BROKEN China, Glass, Earthen Ware, and Fancy Articles of every description, repaired and mended, making it as strong as before broken, without injuring its appearance.

This Cement, which has been proved to be of great strength, will be found particularly useful in every family; the simple manner of its application is one recommendation. The adhesive property which it contains is so wonderful that many things will rather break in a fresh place than where they have been mended with it. The variety of purposes for which it may be used are so numerous that it would be difficult to recite them. Its success in mending Glass, China, &c., is extraordinary; no ordinary degree of heat affecting it, and as the joints are scarcely perceptible, articles of this kind may be made useful for years, which otherwise would have been cast away.

McFarland's

BURGLAR and FIRE PROOF

SAFES!

A FEW of these celebrated Safes have arrived from New York, and those who are in want of a superior article, which has been severely tested for the last ten years, in every county, are invited to call and examine them. Read what the *New York Press* say of them in regard to the late great fire in New York. Further comment is unnecessary.

[From the Journal of Commerce, of August 27th.]

"Messrs. B. F. Pond & Hitchcock, of 56 Water street, oil-merchants, inform us that their Safe, (one of McFarland's Fire Proof,) at the great fire of the Pearl-st House, although exposed for thirteen hours to the combined effects of burning Rosin and other Oils, and a broken Gas Pipe directly underneath it, preserved their books and papers in the most perfect order. They were not injured in the least manner."

[From the New York Evening Mirror, of Aug. 27th.]

MCFARLAND'S SAFES AT THE GREAT FIRE OF THE PEARL STREET HOUSE.—Looking at the ruins of this great fire yesterday, we noticed in Water street several of McFarland's Safes, which were being taken out of the ruins, the insides of which were all in good order. One of them in particular deserves especial notice. It belonged to Messrs Pond and Hitchcock, oil merchants, No. 56 Water street, and was exposed to the very hottest part of the fire, being covered with burning oil and spirits and directly under a broken gas pipe from which the gas was escaping in large quantities, and producing an intense heat. It remained in this fiery furnace for thirteen hours, and we are informed by Mr. Pond, the owner, that, when opened, his books and papers were found to be in a perfect state of preservation, not even being scorched, and hardly bearing the smell of fire, thus proving itself a perfect salamander. Every merchant should examine them and convince himself of their fire-proof qualities, as some half dozen others of the same make were in the fire, and every one preserved its contents from the least damage.

From the New York Tribune of August 30th.

"The reputation of McFarland's celebrated Fire Proof Safes have lost nothing at the last great fires, as usual preserving their contents uninjured, and saving many thousands of dollars for their owners. These safes have built for themselves a colossal reputation, and are acting up to it at every fire. McFarland's motto is 'Excelsior.'"

[From the New York Herald of Aug. 25th.]

Another convincing proof of the superiority of McFarland's Fire Proof Safes over all others as a protection against fire, is the Safe which can now be seen at the ruins of the great fire on Tuesday night, at the Pearl st House, where it was exposed in the oil store of Messrs Pond & Hitchcock, No 56 Water-st. for thirteen hours to the combined effects of burning oil and spirits. Books and papers inside were not even scorched.

☞ These Safes are for sale at No. 49 West Market Square, Bangor.

The Best Pills in the World.

HARDY'S FAMILY VEGETABLE CATHARTIC PILLS are the best that can be found in any country for Jaundice, and all Billious troubles, Dyspepsia, Colds, Rheumatism, and every complaint in which the stomach or bowels need evacuation or regulating. Yankees have boasted their unequalled skill and talent for every thing that the human head can devise or hands execute; why, then, turn with admiring and confiding eyes towards every new medicine with a foreign name? Yankees can, and do, beat all creation in every thing they attempt. Then discard your Mustang, Kangaroo, Ichneumon, Hyena, and all other such heathenish medicines, and call at Hardy's, No 3 Harlow's Block, where you will find, not only the best Pills, but the best Medicines in existence "for all the ills that flesh is heir to," (except lean pockets) and the best Horse and Ox Medicines besides. DR. MORSE'S INVIGORATING CORDIAL!

FOR GENERAL DEBILITY, IMPOTENCY IN-CONTINENCE OR NOCTURNAL EMISSIONS, &c. The astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Lassitude, and General Prostration*, or any of the consequences of youthful indiscretion or indulgence of the passion in riper years, render it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically ever been the sanction of the Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which it is made is composed, has been tested and its virtues proclaimed by the most eminent of the faculty of London Paris, and the chief cities of Europe, as well as by eminent Physicians in this country. It is not only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES. It will remove all nervous affections, DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of self Destruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices. It has been said by some that these sacred cases were incurable. This however is not the fact.

DR. MORSE'S INVIGORATING CORDIAL, has, and is constantly curing these complaints, relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the parties relieved will conclusively show.

Dr Woodward of the Massachusetts Insane Hospital, writes of one of his patients being cured by using this cordial, thus — It gives me pleasure to inform you that one of my patients while in Boston, procured some of your Cordial. He tells me that he has not had a single epileptic since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr W., I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the meantime he purchased some of your Cordial, which has affected a cure I am sure no other medicine would. I shall ever recommend it where I have an opportunity to do so."

The nature of the maladies relieved by this Cordial are generally such as to forbid the publication of certificates of course out of the question and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS

have not in a single instance (as has been authenticated, given their sanction to any other, depending for the above complaints. It has, in many violent and desperate cases, effected radical cures after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high profession and character.

THE COMMON EXPRESSION

Of those who have used this Tonic is— I had heard your Cordial highly spoken of, but was one of the incredulous in regard to its merits having tried various medicines sold for the same purpose, (different Sarsaparillas), without deriving any benefit. I had almost given up all hope of obtaining relief when I purchased some of your Cordial. I had no faith whatever in its benefiting me—but it has. I feel stronger, have had no emissions since although it is not three weeks. I am satisfied the half a dozen bottles I took will cure me."

Another says—"I had consulted several distinguished physicians. Some said I could not be cured. Others prescribed this thing and that but I found no relief until I procured some of your Cordial. I must say it completely cured me."

A third says—"I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering."

CAUTION—Ask for Dr Morse's Cordial and take no other, as there are worthless imitations which claim its valued excellence, fame and popularity, have brought it to the market. It will not hurt the most delicate Female, but do good. Beware of all other Cordials, &c. (and try only this.)

Notice. Persons conscious of physical inability from causes above name I may confidentially consult Dr. Morse personally or by letter, (post paid) at his office, 75 Sudbury street, Boston. The necessary advice and medicine for the speedy removal of such disability will be offered forwarded to the writer's address.

Dr M is prepared to warrant a perfect cure in every case he takes in any way.

Prepared by N. Morse M. D., New York city.

It is put up in pint bottles, with the words Dr Morse's Vigor ting Cordial, blown on the glass. Price $3 per bottle, 2 bottles $5, 6 bottles $12; and $24 per dozen.

HEALTH FOR THE STATES!

HOLLOWAY'S PILLS

EXTRAORDINARY CURE OF LOSS OF HEALTH, DISORDERED STOMACH, INDIGESTION, AND DETERMINATION OF BLOOD TO THE HEAD.

Extract of a Letter from Mr John Lloyd, of Erw went near Harlech, Merionethshire

To Professor HOLLOWAY,

Sir,—I avail myself of the first opportunity of informing you that for a very long period I was afflicted with a dangerous giddiness and frequent swimmings in the head attended by loss of appetite disordered stomach, and generally impaired health. Every means had failed to give me any permanent relief and at length it became so alarming that I was really afraid of going about with out an attendant. In this melancholy condition I waited personally upon Mr Hughes, Chemist Harlech, for the purpose of consulting him as to what I had better do, he kindly recommended your Pills. I tried them without delay, and after taking them for a short time I am happy to bear testimony to their wonderful efficacy. I am now restored to perfect health and enabled to resume my usual duties. You are at liberty to publish this letter in any way you may think proper.

I am sir, your obedient servant

MIRACULOUS CURE OF DROPSY

Extract of a Letter from Edward Rowley, Esq of India Walk Tobago, dated April 6th, 1852

To Professor HOLLOWAY

Dear Sir—I deem it a duly I owe to you and the public at large to inform you of a most miraculous recovery from that dreadful disease Dropsy and which, under God was affected by your invaluable Pills. I was tapped five times within eight months, and skilfully treated by two medical practitioners, but could not get cured until I had recourse to your remedy, and notwithstanding all I had undergone this miraculous medicine cured me in the course of six weeks.

INFALLIBLE CURE OF A STOMACH COMPLAINT WITH INDIGESTION & VIOLENT HEAD ACHES.

Extract of a Letter from Mr S Gowen Chemist of Clifton near Bristol dated July 11th, 1852

To Professor HOLLOWAY

Dear Sir,—I am requested by a Lady named Thomas just arrived from the West Indies to acquaint you that for a period of eight years herself and family suffered from continual bad health arising from disorder of the Liver and Stomach Indigestion, loss of Appetite, violent Head aches, pains in the side weakness and general debility, for which she consulted the most eminent men in the colony, but without any beneficial result. At last she had recourse to your invaluable Pills, which in a very short time effected so great a change for the better that she continued them, and the whole family were restored to health and strength. Further she desired me to say that she has witnessed their extraordinary virtue in those complaints incident to children, particularly in cases of Measles and Scarlatina having effected positive cures of these diseases with no other remedy.

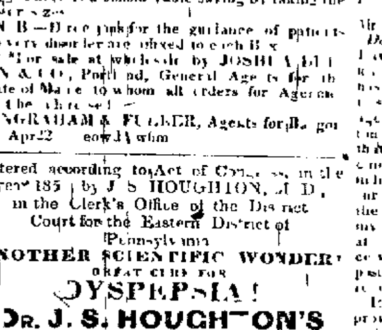
ANOTHER SCIENTIFIC WONDER!

GREAT CURE FOR DYSPEPSIA!

DR. J. S. HOUGHTON'S



THE TRUE DIGESTIVE FLUID, OR GASTRIC FLUID.

Prepared from RENNET or the fourth STOMACH OF THE OX after directions of BARON LIEBIG, the great Physiological Chemist, by J S. HOUGHTON, M D. Philadelphia Pa.

"I DIGEST." Such is the true meaning of word PEPSIN. It is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving, and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming a TRUE DIGESTIVE FLUID, precisely like the natural Gastric Juice in its Chemical powers and furnishing a complete and perfect substitute for it.

This is NATURE'S OWN REMEDY for an unhealthy Stomach. No art of man can equal its curative powers. It contains no ALCOHOL, BITTERS, ACIDS or NAUSEOUS DRUGS. It is extremely agreeable to the taste and may be taken by the most feeble patients who cannot eat a water cracker without acute distress. Beware of DRUGGED IMITATIONS. Pepsin is NOT A DRUG.

Half a teaspoonful of Pepsin infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the Stomach.

SCIENTIFIC EVIDENCE.

☞The Scientific Evidence upon which this remedy is based is in the highest degree Curious and Remarkable.

Call on the Agent and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, from Liebig's Animal Chemistry; Dr Combe's Physiology of Digestion, Dr Pereira on Food and Diet, Dr. John W. Draper, of New York University, Prof. Dunglison's Physiology, Prof. Silliman, of Yale College, Dr. Carpenter's Physiology, &c. together with reports of cures from all parts of the United States.

PEPSIN IN FLUID AND POWDER.

Dr Houghton's Pepsin is prepared in Powder and in Fluid Form—and in Prescription vials for the use of Physicians. The Powder will be sent by Mail, free of Postage, for one Dollar, sent to Dr Houghton, Philadelphia.

☞OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. HOUGHTON, M D. sole proprietor, Philadelphia, Pa. Copy right and Trade Mark secured.

☞Sold by all Druggists and Dealers in Medicines—Price, ONE DOLLAR per bottle.

To the readers of the Whig

Will you read the Truth.

A MEDICINE must have merit, and great merit too to stand the test of public opinion. No art of puffing can galvanise a worthless article so as to keep it alive as a *good medicine* if it be really so.

A good medicine will live, become popular, and extend its sales year after year in spite of opposition. The people readily find out its virtues. Its fame passes from mouth to mouth with more rapidity than newspapers can spread it. A living witness testifying to the cure that a medicine has made for him is of far more service than a newspaper advertising.

In proof of what we say above, we refer you to HAMPTON'S VEGETABLE TINCTURE and its effects. Its praise is in the mouths of multitudes. The best men in our country give their testimony to its wonderful cures. Among them we name Hon Henry Clay, Hon Richard M Johnson, Vice President of the United States, and hosts of others. Capt Thomas Caine, the gunner to the celebrated physician of the Emperor of France—was cured by it of a disease of several years standing after the skill of the doctors of Europe and America had failed.

In the United States Navy it is taken with great success, several officers being cured by it, others of the Department Washington speak of its wonderful cures.

In fact, the rich and the poor, young and old, in every place in the city and country, find the same success attend its use.

HAMPTON'S VEGETABLE TINCTURE is purely Vegetable and warranted free from all mineral substances. This Tincture by its mild pleasant and salutary action on the stomach, liver, kidneys, lungs, and the nervous system, cures Dyspepsia, Liver Complaint, Diseases of the Urinary Organs, Coughs, Asthma, Bronchial Affections, Consumption, Scrofula, Kings Evil, Worms, Rheumatism, Gout, Neuralgia, St Vitus Dance, Fits, Nervous Affections, generally Fistula, Piles, Bowel Complaints, with all diseases arising from impure blood. As a remedy for the various derangements of the female system, it seems to have no superior.

All that we ask of the public, is to introduce this valuable medicine is to throw aside their prejudice and give it a fair trial. We shall publish in this paper from time to time testimony from persons whose reputation is known throughout the United States and who have been entirely cured, when other medicines have failed. It is no humbug, and the public will be satisfied that what we say is TRUE after a fair trial.

How the Discovery of the Vegetable Tincture was made.

DR HAMPTON now in his 74th year was early in life much reduced by disease that spent much of his living in medical advice and grew nothing better but worse, when finding that none of the mineral medicine could reach his case, he came to himself, and then, like a wise man, [illegible] the [illegible] remedy for his [illegible] ease when the Great [illegible] has provided in his vegetable kingdom that which is [illegible] [illegible] [illegible] which I have seen the Indians and the [illegible] [illegible] the cure of disease. I [illegible] compound them so [illegible] [illegible] cure me of my disease. The doctor carried out his noble resolution, [illegible] the RED MAN and others from whom [illegible] healing powers [illegible] [illegible] the Great Spirit [illegible] [illegible] [illegible] [illegible] the most wonderful discovery in the early part of the age.

Cure of Consumption Neuralgia Pain in Side &c

BALTIMORE May 1 1852

Messrs Mortimer & Mowbray — Gentlemen—It is with pleasure I can testify to the great healing powers of Hampton's Vegetable Tincture. My wife has been afflicted for three years, laboring under a constant hacking cough with a most violent pain in the right side, neuralgia of the head, and congestion of sight, very little rest day or night and much emaciation, and to all appearances a rapid consumption inevitable. We had the most eminent physicians in Annapolis but his medicine did not give her any relief at all but growing worse if any change in the least, and having read one of your pamphlets, in July last she concluded to try Hampton's Vegetable Tincture, and after taking but two bottles of which (under a kind Providence) we perceived a great change for the better, her appetite improved her skin became quite clear, coughs, pains, neuralgia, &c, entirely left her and by the time she had taken a few bottles, more she was completely cured, and is now in the enjoyment of excellent health.

Respectfully, EDWARD SANDS,

Master of Sch Geo Barber Annapolis Packet No. 3 Tobacco Warehouse Light Street Wharf.

REV VERNON ESKRIDGE, U S N.

PORTSMOUTH, Va Aug 18, 1851

Mr E Fouch—Dear Sir Whilst I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. VERNON ESKRIDGE, [illegible]

NEVER FAILING REMEDY

Holloway's Ointment.

A CRIPPLE SETS ASIDE HIS CRUTCHES AFTER TEN YEARS SUFFERING

Copy of a Letter from Mr Thompson Chemist Liverpool dated August 20 1852

To Professor HOLLOWAY

Dear Sir—I am enabled to furnish you with a most extraordinary cure effected by your invaluable Ointment and Pills which has astonished every person acquainted with the sufferer. About ten years ago Mr W Cummins of Saltney Street in this town, was thrown from his horse, whereby he received very serious injuries, he had the best medical advice at the time and was afterwards an inmate of different infirmaries, yet he grew worse, and at length a malignant running ulcer settled in his hip which so completely crippled him that he could not move without crutches for nearly 10 years, recently he began to use your Ointment and Pills which have now healed the wound, strengthened his limb and enabled him to dispense with his crutches so that he can walk with the greatest ease and with renewed health and vigor. (Signed) J THOMPSON

A MOST EXTRAORDINARY CURE OF A DREADFUL SKIN DISEASE, WHEN ALL MEDICAL AID HAD FAILED

Copy of a Letter from Mr Hird Draper of Ready near Gainsboro dated March 1st 1852

To Professor HOLLOWAY

Sir—Some time since one of my children was afflicted with dreadful eruption over the body and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the case was considered hopeless. At length I tried your Ointment and Pills and without exaggeration the effect was miraculous for by persevering in their use all the eruption quickly disappeared and the child was restored to perfect health.

I previously lost a child from a similar complaint and I firmly believe had I in her case adopted your medicines she would have been saved also. I shall be happy to testify the truth of this to any enquirer. (Signed) J HIRD Draper

CERTAIN REMEDY FOR SCORBUTIC HUMORS—AND AN ASTONISHING CURE OF AN OLD LADY SEVENTY YEARS OF AGE OF A BAD LEG

Copy of a Letter from Messrs Walker and Co, Chemists Bath

To Professor HOLLOWAY

Dear Sir—Among the numerous cures effected by the use of your valuable medicines in this neighborhood, we may mention that of an old lady living in the village of Preston about five miles from this city. She had ulcerated wounds in her leg for many years and latterly these increased to such an alarming extent as to defy all the usual remedies her health rapidly giving way under the suffering she endured. In this distressing condition she had recourse to your Ointment and Pills and by the assistance of her friends was enabled to persevere in their use until she received a perfect cure. We have ourselves been greatly astonished at the effect upon so old a person she being 73 years of age. We shall be happy to satisfy any enquiries as to the authenticity of this wonderful case, either personally or by letter.

A private in the Bath Police Force also has been perfectly cured of an old scorbutic affection in the face after all other means had failed. He states that it was entirely by the use of your Ointment, and speaks loudly in its praise.

We remain dear sir

Yours faithfully

April 6 1852 (Signed) WALKER & CO

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine notwithstanding it has never had the advantage of newspaper puffery has yet acquired a higher and more extended popularity than any other similar compound in the world. It is entirely of vegetable extract perfectly safe to be administered even to the most delicate child, and alike astonishing and satisfactory in its effects in man or beast. To those unacquainted with this invaluable medicine we say, make it a fair trial, and we promise you a radical cure of Coughs Colds Asthma Bronchitis Whooping Cough Influenza Spitting of Blood and all Lung Complaints, Chronic Diarrhoea, and Dysentery in all of which cases it should be used internally. The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains chapped Hands Bruises Burns and all descriptions of Wounds are magical. Persons troubled with Cramp in the Stomach Side or Bowel Sore Throat Piles &c by a combined internal and external application of this Anodyne cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor but prefers to let it carry its own recommendation as it has done for forty years past. We ask no man to use it after an unsatisfactory trial. In its composition it unites several of the most penetrating and healing specifics known to the materia medica—the inventor of this article was in the constant and successful practice of medicine for more than twenty years.

This is to certify that having been troubled for a number of years with a distressing cough and bleeding at the lungs, and receiving no benefit from medical aid in 1848 was to all appearance in the last stage of consumption. My legs swelled so that I was unable to stand or help myself. At that time your Liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day. I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint. I can truly say I think your Anodyne Liniment was the means of saving my life. JOHN J AIKINS

Brewer, Sept 29, 1852.

Dr. Johnson: Dear Sir—In consequence of having a fever sore on my leg it became entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment and by using three bottles, my leg was limbered and strengthened and for a number of years I have been able to use it about as well as the other. I consider myself indebted to the use of your Liniment for such a blessing of Providence, for the use of my leg and would say to others who may need help in this way, try it and no doubt you will be cured.

ZINC AND Fire Proof Paints,

Warranted Pure.

THE New Jersey Zinc Company furnish their Zinc Paints at the following prices

No 1 White ground in oil 9 cents per lb
No 2 White " in oil 8 " " lb
No 3 White " in oil 7 " " lb
Dry White Zinc 6 cents per lb
Brown and Black " [illegible]

Their WHITE ZINC PAINT covers, according to weight one third to fifty per cent more surface than any other paint. It is, in whiteness brilliancy and protective qualities for years, is free from the poisonous qualities [illegible] other pigments to painters and to those in newly painted rooms and resists the sulphurous and foul air of sinks and as outside [illegible] does not tarnish or become yellow. [illegible] varnish it forms a beautiful porcelain finish. The French Government has adopted Zinc [illegible] for all uses.

The BROWN AND BLACK ZINC PAINTS form directly a good metallic coating [illegible] brick iron &c adaptable for fire proofing. They are unrivalled for rail cars, depots, boats &c. For marine uses they resist the corrosion of salt water and weather so fatal to other paints.

The Zinc and Fire Proof Paints retailed at wholesale and retail at the manufacturer's prices by GEO W EMERSON Druggist, Agent for the river, 4 Smith's Block.
